- TEAMS** Students may only play in one team for the day and cannot rotate between age groups or 'A-D'
- AGE GROUP** Students are able to participate in a higher age group, but not a lower one. Once they have moved up an age group, they must remain in this age group.
- READINESS** In the event a team is not ready to start the game on time, points, goals or runs can be awarded based on the EO's discretion

- RED/YELLOW Cards**
- A player who receives a red card will receive an automatic 1 game suspension as a minimum. The hosting school, in consultation with the umpires and the CGSAV Executive Officer will determine whether a longer suspension is to be given.
 - Umpires will be instructed to issue a yellow card for swearing. If a player receives a yellow card in two consecutive games that they were to play in, that player would receive an automatic one game suspension.
- TIE BREAKERS:** Teams tied on the ladder to be separated by **Percentage** or **Goal Difference**. If this does not split the tie, who won the fixture when they played Head-to-Head goes into the final. If still tied, compare scores against the top team. Whoever had the better result goes through. If still tied, compare to the next best team etc, etc.

Scoring – Win (4 points), Loss (0 point), Draw (2 points).

Game Time – Approximately 30-40 minutes depending on the draw. Length set by CGSAV Executive Officer in consultation with hosting school.

Equipment – CGSAV Executive Officer will provide the competition shuttlecocks. Schools will need to provide their own racquets and practice shuttlecocks for the day.

Teams –

AGE GROUPS:	Junior	1 team (4 x doubles)
	Inter	1 team (4 x doubles)
	Senior	1 team (4 x doubles)

Each school's best players should be 'Pair A', the next two 'Pair B', etc to allow teams to be competitive when playing.

Players must play in the same pair (A-D) for the day.

No team rotations to be made during a game.

Rules – (Serve) – Played in accordance with current badminton rules.

- The player in the right-hand side of the court who wins the toss and chooses to serve, serves to the player diagonally opposite.
- If the point is won by the serving team, players alternate serving sides (ie move to the left side for the second serve) until a fault is made or shuttle cease to be in play.
- The server only has one chance to serve successfully. The designated receiver must return service. If that player's partner plays the shuttle or is hit by the served shuttle, a point for the serving side is given.
- If the player serves out of turn or from the wrong service court, the receiving team must call 'let' for a replay, otherwise play continues.
- If the player of the receiving side is standing in the wrong service court prepared to receive service, the serving side must call a 'let' before the rally continues to replay, otherwise play continues.
- Should the sides not discover the mistake and 'let' is not called until after the next service, the mistake stands and positions are left the same.
- If the serving pair loses a point, the serve passes to the opposing team and their score determines which player serves next. If the opposing team's score is an even number, then the serve is made from the player on the right-hand side.
- If the score is an odd number, then it is made from the player on the left-hand side.

(Play) – If the player serves and puts the shuttle in play, each side will hit the shuttle alternatively until a fault is made or shuttle ceases to be in play. Roof and ceiling are out of bounds. Lines are good. Shuttle can touch the net during play. Rally points will be used.

(Faults) – With serving, these are regarded as faults:

- Striking shuttle higher than waist at point of contact
- Head of racket above hand at point of contact
- Shuttle falling in wrong service court (short, or out of bounds, roof, walls and net)
- Feet of server and receiver not in service court until service delivered
- Player feints or balks opponent during play.
- Shuttle struck by receiver before crossing the net
- Player touches the net when the shuttle is in play
- Player hit by the shuttle when standing out of bounds

Scoring – Each rally won will score a point. There will be one score sheet round per court. When the second pair start play in their 15 minute block, they are to continue scoring from where the first pair finished. This will make it easier to calculate in the end. The winning school of the round will be the team (all 4 pairs) who scored the highest total amount of points in the 30 minute game time.

Example: Killester (pair 1)=30 points, (pair 2)=25 points, (pair 3)=25 points, (pair 4)= 20 points, Total=100 points, vs OLSH (pair 1)= 40 points, (pair 2)= 20 points, (pair 3)= 15 points, (pair 4)= 20 points, Total= 95 points. Therefore, the winner is Killester. If time is called and point is being played, this does not count.

Score sheet – The winning team will need to bring the score-sheet of the games to the front desk (to the host school's designated scorekeepers) after the results have been worked out by the winning school.

Finals – If in the event the scores are tied, one additional point will be played. In the case of 2 teams finishing at the top of the ladder with equal points, then percentage will determine where each team will finish on the ladder. This should be calculated from total points for and against.

Serving – The team who gets the choice to serve first will be decided from a coin toss. (or by another format agreed upon by the individuals).

Division categories – Junior, Intermediate and Senior age categories for Divisions 1, 2 & 3.

Finals – If in the event the scores are tied, the team with the most aces wins. In the case of 2 teams finishing at the top of the ladder with equal points, then percentage will determine where each team will finish on the ladder. This should be calculated from total points for and against.

Serving – The team who gets the choice to serve first will be decided from a coin toss. (or by another format agreed upon by the individuals).

INCLEMENT WEATHER PROCESS FOR CANCELLATION

All sport should proceed where possible, in all weather conditions, with the exception of hail, lightning and extreme heat. Weather conditions need to be continually assessed during the playing time. In rainy conditions the playing surface conditions must be considered safe by the responsible staff. Safety of players is paramount.

Wet Weather

Cancellations due to wet weather should be made by 7.00am on the morning of the event (adverse weather conditions - <http://www.bom.gov.au/vic/forecasts/melbourne.shtml>), otherwise cancellations should be made at the venue.

Lightning and Severe Hail

Where student safety is compromised with severe hail or electrical storms play will immediately stop. In the case of electrical storms play should only recommence if students' safety can be assured i.e. 30 minutes after the last sound of thunder. Should weather conditions fail to improve, the game shall be cancelled.

Thunderstorm (including asthma policy).

All people at increased risk of thunderstorm asthma should:

- learn about thunderstorm asthma and what they can do to help protect themselves during grass pollen season
- where possible, avoid being outside during thunderstorms from October through December – especially in the wind gusts that come before the storm.
- have an asthma action plan (if advised to by your GP) and have practical knowledge of the four steps of asthma first aid
- have reliever medication appropriately available in grass pollen season and be aware of how to use it (ideally with a spacer)
- be alert to and act on the development of asthma symptoms as explained in your asthma action plan if you have one, or if you don't, use asthma first aid.
- Check the epidemic thunderstorm asthma forecast during the grass pollen season at [VicEmergency](#)
- While CGSAV is the managing body of a CGSAV event, each school should still be responsible for their own students regarding the management of each student's asthma action plans.

(<https://www.betterhealth.vic.gov.au/health/conditionsandtreatments/thunderstorm-asthma>)

Extreme Heat

Cancellations due to extreme heat should be made at the venue if the weather forecast exceeds 34°C, however if the forecast is greater than 34°C the day prior, the event can be cancelled & all schools contacted (<http://www.bom.gov.au/vic/forecasts/melbourne.shtml>),

Sports Medicine Australia has written a policy on exercising in heat, with reference to The Heat Stress Index or WBGT (wet-bulb globe temperature). The WBGT takes into account temperature, humidity and air velocity and it is considered a reliable measure of the environmental heat stress. A safe temperature level will be set by the SCSA using the SMA policy as reference material. A guideline temperature is **34°C** (<https://sma.org.au/resources-advice/policies-and-guidelines/hot-weather/>)

Match Results

If a match cannot continue for safety reasons, a minimum of half the match needs to have been completed for there to be a result.

Major Carnivals, Annual Events and Tournaments

The SCSA Executive Officer will make cancellations for full day activities as early as possible. The decision to cancel will be rung through/emailed to each school – from here Parents/Carers will be contacted by each school.

If a cancellation has not been made prior to the start time, it is expected that all schools will arrive in plenty of time for the start of the carnival, event or tournament. SCSA has the right to cancel or abandon aspects of the event at any time when inclement weather makes the activity unsafe.

Inclement weather

During the round robin phase:

If inclement weather occurs during the round robin phase of the tournament, a winner will be awarded if 80% of the games have been completed. If less than 80% of the games have been completed and there is no back up date, no winner(s) will be awarded for that year.

During finals:

If inclement weather occurs after all rounds have been played & before the finals have been played, then the results will be taken from the points & percentages from the rounds to establish the winner. Highest points & percentage will be the winner for the event.

If inclement weather occurs half way through the finals, then the team ahead at the time is declared the winner.
